

## Technical spec of proposed change to Precedent H template

Update 17 June 2017

### Summary

- The current Precedent H template Excel workbook has functionality to pull in matter time data from Aderant via a ComAddin, Project Planner makes use of the same ComAddin to prepare matter reports.

### Additional Detail

Running the ComAddin populates certain columns in the sheet "Actuals" with matter data and/or formulae. The current structure of actuals (as well as example data) is shown below.
